Teranet's Normal Course Issuer Bid Accepted by TSX

TORONTO, Nov. 15, 2006 (Canada NewsWire via COMTEX News Network) -- Teranet Income Fund (the "Fund") today announced that the Toronto Stock Exchange (TSX) has accepted its normal course issuer bid (the "Bid") to purchase, subject to regulatory approval, up to 5,000,000 units ("Units") of the Fund, representing 3.6% of the Units issued and outstanding.

As of November 14, 2006, there were 140,152,391 Units issued and outstanding. Purchases under the Bid may begin on November 17, 2006 and will end no later than November 16, 2007. The Units will be purchased for cancellation through the facilities of the Toronto Stock Exchange in accordance with its policies and at market price.

In the opinion of the Fund's administrator, Teranet Inc., the Units have been trading at levels that do not reflect the underlying value of the Fund. As a result, Teranet Inc. believes that the Fund's Units represent an attractive investment at current and recent prices, and the purchases of Units would be an appropriate and desirable use of available funds. Management of Teranet Inc. is confident that the Fund's solid cash flow and credit capacity can support this bid without reducing its ability to execute its growth strategy.
