

TERANET LISTED IN 2010 EDITION OF BRANHAM300

April 5, 2010 – TORONTO – Teranet is pleased to announce its placement as 26th in the Branham Group's Top 250 Canadian Information and Communication Technology (ICT) Companies for 2010.

"Inclusion in this year's list is an honour and a testament to our dedicated and talented team," said Jay Forbes, President & CEO, Teranet Inc. "We are proud of our reputation and our ability to consistently deliver solutions to the legal, financial and real estate industries with uncompromised protection of records and personal information."

Now in its 17th year, the Branham300 continues to highlight the top Canadian ICT companies and is considered to be a leading source of intelligence on the industry. The Branham300 is published in the April/May issue of Backbone magazine.

About Teranet

Teranet offers electronic solutions for the legal, real estate, financial industry, as well as access to Ontario's Electronic Land Registration System, enabling customers to conduct electronic registrations and title and writ searches relating to real property. Teranet has leveraged its core competencies to create electronic service offerings in complementary areas. Teranet's comprehensive products and services include property information, transaction management, collateral risk management, geospatial information, workflow software and enterprise solutions.
